

KUNZLE & TASIN

biffignandi s.p.a.

Cinisello Balsamo 6th July 2011

Ns.Rif. AB/GF/MC/

OBJECT: Official Communication New Product Line "Spherical Wheel"

Dear Sirs,

our company, a leading manufacturer of machinery and systems for the treatment of wooden, natural stone and concrete floors, exporting to over 60 countries and strongly focused on a continuous research and development of new solutions, has bought the assets of SphericalWheel sas. This brand and these spherical wheels, an innovative and patented line of products has become one of our sales and manufacturing division.

We inform you that last April we have already started with the production of the first wheels. You will find all the information about the complete range (fully available from September 2011) at the following link: www.sphericalwheel.com/docs/Brochure_ENG.pdf. All additional information are available at www.sphericalwheel.com. We are at your complete disposal for any additional commercial information and for technical support.

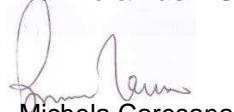

Only 10 months ago, at the end of July 2010, Kunzle & Tasin S.r.l. joined the group sia biffignandi S.p.A., the exclusive Italian distributor of the Swiss partner company sia Abrasives Industries AG's flexible abrasives. We can now say that the reorganization and revitalization of our company has been completed. This new acquisition, together with significant investment in research and development of new products and solutions, is the clear sign of our ambitious growth targets towards which we are oriented.

Sincerely

Kunzle & Tasin S.r.l

Giorgio Frascini
General Manager

Kunzle & Tasin S.r.l sia Biffignandi S.p.A.
